IT EXPERIENCE

SENIOR INFORMATION SYSTEMS SPECIALIST/: PSI (Washington, DC), 2008 – 2013

- Refined, standardized, implemented and maintained security infrastructure for Lawson ERP. This included working with my colleagues domestically and abroad to ensure segregation of duties and contingency scenarios.
- Part of a team that implemented GoogleApps for 1/3 of our field offices. This migration was a cost savings, provided greater stability and ability to collaborate to our colleagues in the field.
- Implemented help desk management system which increased efficiency and revised Service Level Agreements (SLAs) with our colleagues and customers

NETWORK/SYSTEM ADMINISTRATOR: Community IT Innovators (Washington, DC), 2005 – 2008

- With the help of one Senior Engineer, I fully executed the infrastructural support needs of a core portfolio of 5 clients on a weekly basis.
- Worked directly with CIOs, CFOs or IT staff to translate business needs into efficient solutions.

NETWORK ADMINISTRATOR- CONTRACTOR: Obverse (Washington, DC), 2002 – 2005
